

INTERACTIVE TEACHING

**Self-Directed Learning & Group
Discussion**

SDL

&

GD

Topics to be covered

A

**Clinical correlation of frozen
sections**

Topics to be covered

B

**Clinical correlation of
lysosomal storage
diseases**

Topics to be covered

C

**Clinical correlation of
abnormalities of
microfilaments and
microtubules**

Topics to be covered

D

**Clinical correlation of
abnormal duplication of
centrioles and cancer**

Topics to be covered

E

**Clinical correlation of
regulation of cell cycle and
cancer treatment**
