

Curriculum Vitae
Hanaa Abdel Sattar Abdel Naeim Mohammed

Personal data

Surname: Mohammed
Middle names: Abdel Sattar Abdel Naeim
First name: Hanaa
Nationality: Egyptian
Marital status: Single
Date of birth: 1983

Contact details

Address:

- Work: Anatomy and Embryology Department, Faculty of Medicine, Sohag University, Sohag, Egypt.
- Home: University Hospital Street, Sohag, Egypt.

Mobile: (+2) 01142477940

Tel: (+2) 0934592081

E-mail: hanaam415@yahoo.com

Speciality

General specialty: Anatomy & Embryology

Academic qualifications.

1-Doctorate Degree of Human Anatomy and Embryology, May 2018

-Doctorate thesis titled "Effects of Monosodium Glutamate on the liver and kidney of Male Adult Albino Rat and the possible protective role of vitamin C"

1-Master Degree of Human Anatomy and Embryology, December 2012.

- Master thesis titled "Postnatal development and aging changes of the Albino rats tongue (Light and Scanning Electron microscopy study)"

2-Bachelor of medicine and surgery, Faculty of Medicine, Sohag University, Egypt.

- Graduation degree: 82.19%

Very good with honor degree.

Jobs experience:

-June 2018

Lecturer at Anatomy & Embryology department, Sohag Faculty of Medicine, Egypt

-February 2013

Assistant lecturer at Anatomy & Embryology department, Sohag Faculty of Medicine,

-May 2008

Demonstrator at Anatomy & Embryology department, Sohag Faculty of Medicine, Egypt

-March 2007 – March 2008

House Officer at Sohag University Hospitals, Sohag Egypt

Work Experiences

- Teaching Anatomy lectures to first and second years medical students at Faculty of Medicine, Sohag University, Egypt.
- **Teaching Anatomy lectures at College of Pharmacy, Sports Education and Nursing, Sohag University, Egypt.**
- Teaching practical Anatomy courses to first and second years medical students at Faculty of Medicine, Sohag University, Egypt.
