

# Curriculum Vitae

## **Personal Information**

Name: **Omar Rashad Ahmed Mohamed**

Date of Birth: 1/9/1993

Mobile: +201143233349/ +201026895775

Post office: Sohag, P.O. Box 82524, Egypt

E-mail:omarshalaaby@science.sohag.edu.eg; omarshalaaby95@yahoo.com.

Nationality: Egyptian

National ID: 29309012619111

Religion: Muslim

Gender: Male

Marital Status: Married

Military Service : Performed

Local address: 2, Moustafa Kamel, St., Saqluta, Sohag, Egypt.

Work address: Geology department, Faculty of Science, Sohag University, Sohag, Egypt

## **Certificates**

2002 -2009: Elementary school.

2009 -2011: Secondary school.

2011 -2015: Bachelor of Science in Geology, (Very Good with honor degree).

2016-2017: Premaster in Geology, (Very Good)

2018-2022: Master degree in Geology, thesis is titled as

" Geological and Mineralogical Studies on the Banded Iron Formation in Wadi Fatira Area, Central Eastern Desert; Egypt."

## **Career**

- Demonstrator at Geology department, Faculty of Science, Sohag University from March 2017 to September 2022.
- Assistant Lecturer at Geology department, Faculty of Science, Sohag University from October 2022 until now.

## **Main activities and responsibilities**

- I give several practical courses to undergraduate students of geology, geochemistry and geophysics branches as; Crystallography, Mineralogy, Optical Mineralogy, Igneous Rocks, Metamorphic Rocks, Structural Geology, Field Geology, Ore Microscopy, Economic Geology, Planning Survey and Geology of Egypt.
- I give several practical courses to undergraduate students of faculties of Science, Education and Engineering as; Field geology, Planning Survey, Mineralogy, Crystallography, Structural geology and Geology of Egypt.
- I am a member in Quality Assurance Unit at Faculty of Science, Sohag University.
- I am a member in Laboratories' committee at Faculty of Science, Sohag University.
- I am a member in Website Unit of Geology department at Faculty of Science, Sohag University.

## **Personal skills and competences**

### **Social skills and competences:**

- Team work: during my work in Sohag University in the laboratory and also during the field trips.
- Good communication skills gained through my experience as a teaching assistant for undergraduate students in the university.
- My work experience as a M.Sc holder in Sohag University gave me a very good ability to adapt multicultural environments.
- Problem-solving attitude and skills, in addition to responsibility, self-respect and self-reliance.

### **Organizational skills**

- Participate as a member in the organizing committee in first scientific congress of junior geoscientists in Egypt 2019.
- Participate as a member in the organizing committee in 4th annual science day- Faculty of science, Sohag university 2019.

### **Technical skills**

- 1- I have an excellent experience in using polarized light microscopes (transmitted and reflected light).
- 2- I have an excellent experience in using several software programs as: CorelDraw, Origin Pro 6.1, Minitab Statistical Software and minpet.

3- I have a good experience in plotting and interpretation of geochemical data by using different geochemical software programs.

### **Language skills:**

1. Arabic: Mother tongue
2. English: Good command of English.

### **Computer skills:**

I had the Fundamentals of Digital Transformation Certificate in April 2021.

I have excellent Computer Proficiency, in:

- Editing: Microsoft Word, Microsoft PowerPoint, Adobe Page Maker, Adobe Acrobat (Writer/Reader).
- Databases: Microsoft Access and Microsoft Excel.
- PC Operation Systems: Windows 2000 to Windows 8
- Networking: WWW, Outlook Express and Microsoft Outlook.

### **Experiences:**

1. I attended a training at Gulf of Suez Petroleum Company (GUPCO) in July, 2014.
2. I attended a training at General Petroleum Company in Ras'Gharib, Gulf of Suez, Egypt in August, 2014.
3. I attended the 7th International Exhibition of Mining and Quarrying Economies in the Arab World (ECOMINX), March 3-5, 2015.
4. I attended a training course of Petroleum Geology at Department of Geology, Faculty of science, Al-Azhar University, September 12-19, 2015.
5. I participated in Junior/Senior Geologists Workshop organized by the Egyptian Society for Geoscience and Development (ESGD) on Basics of Field Geology, Mapping Techniques, Geological Methods in Mineral Exploration and Mineral Resources in Golden Triangle area, Eastern desert, Egypt, January 21-25, 2018.
- 6- I attended a training workshop about Scientific research ethics on July, 2018.
- 7- I attended a workshop about National and international scientific research projects on July, 2018.
- 8- I attended a training workshop about effective presentation skills on August 11-13, 2018.
- 9- I attended a workshop about TOT on August 11-19, 2018.
10. I attended the 1st Scientific Congress of Junior Geoscientists in Egypt (SCJGE-1) held at Sohag University, Egypt, February 3-4, 2019.
11. I attended the Tenth International Conference on The Geology of Africa (ICGA 2019) held at Assiut University, Egypt, November 19-21, 2019.

12- I attended the Sixth Scientific Conference for Young Researchers, Sohag University, Egypt, March 10<sup>th</sup>, 2021.

13- I had an English Language Test Certificate on March, 2021.

14- I attended a workshop about Community culture to prevent and combat corruption using e-learning method on March, 2021.

15- I attended a training workshop about Concepts and fundamentals of quality assurance on April, 2021.

16- I attended a training workshop about Establishing an internal quality management system on April, 2021.

## **Publications:**

### **Conference Abstracts:**

1. **Shalaby, O. R.**, Bekir, R. K., El-Sheikh, A. A., and Saber, E. A. (2021). A sheared Ophiolitic Mélange: Occurrence, Petrographical And Geochemical Studies, Around Wadi Fatira, North Eastern Desert, Egypt. The Sixth Scientific Conference for Young Researchers, Sohag University, Egypt. 10 March, 2021.

### **Peer-reviewed papers:**

1-Bekir, R. K., El Sheikh, A. A., Saber, E. A., & **Shalaby, O. R.** (2022). A sheared Ophiolitic Mélange: Occurrence, Petrographical And Geochemical Studies, Around Wadi Fatira, North Eastern Desert, Egypt. Sohag Journal of Sciences, 7(2), 89-96.

## **Personal interests:**

Enjoy all types of sports particularly football and running. Love to travel and experience different cultures.

## **Thanks & Best Regards**

*Omar Mohamed*
