Know Your Tools

The Modern knowledge cycle

15-10-2018

Scopus is the largest abstract and citation database of peer-reviewed literature in the world and features smart tools that allow you to track, analyze and visualize scholarly research

“LARGEST” ensures you don’t miss out on important literature

Scopus has the most comprehensive coverage of peer-reviewed academic literature in the world

There are 100,750* active scholarly titles

5,000 Publishers

High-quality Data

Historical

1788

Records back

1788

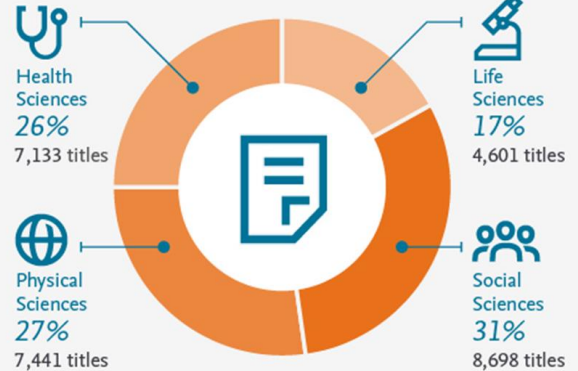

References and records back

1970

Global Representation (number of)

Complete Coverage Across the Sciences

Scopus integrates broad and deep coverage of quality peer-reviewed literature and web resources across science, technology, health, the social sciences and the humanities. Titles on Scopus are classified under four subject clusters.

* Includes active titles. Titles may fall into more than one subject area

ScienceDirect hosts over 3,800 journals and more than 37,000 books—over 14 million peer-reviewed publications (and growing) from Elsevier, our imprints and our society partners.

Mendeley is a free reference manager and academic social network that can help you organize your research, collaborate with others online, and discover the latest research

Why Mendeley ?

Organize your documents + references

Collaborate by joining + creating groups

Discover statistics + recommendations

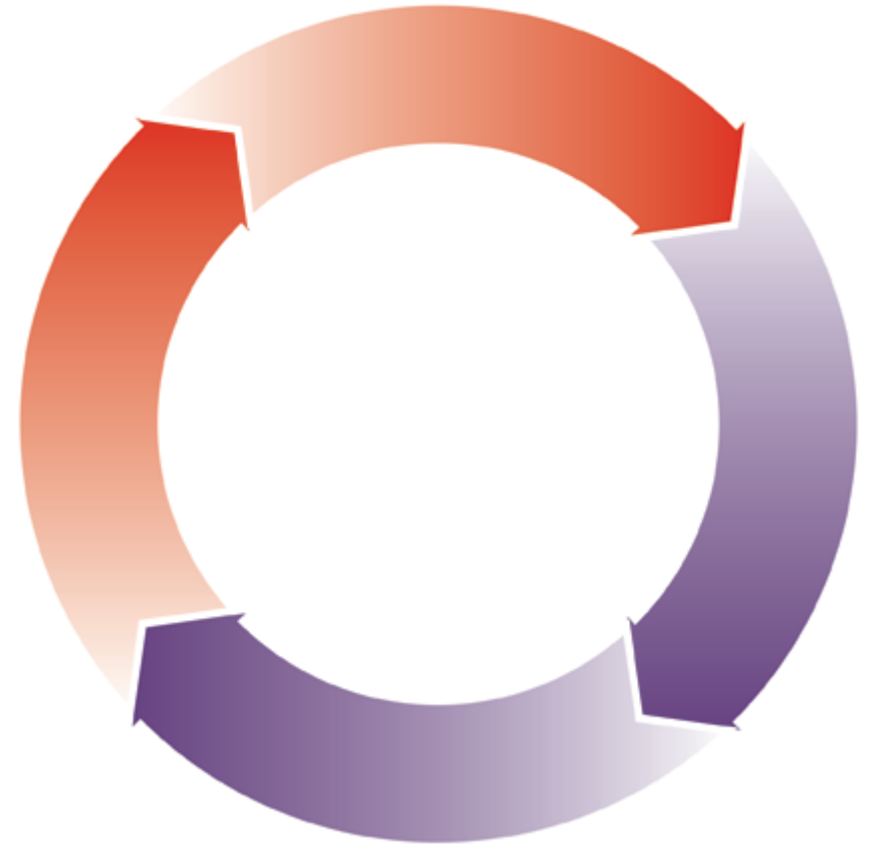

Stay up to date + learn more

Store your data

Manage your career

Look for funding

ELSEVIER

Discover

It helps you to take critical decisions like:

- What trending topic that you should do research about?
- What journal you should follow?
- What journal you should publish in?

It helps you to know information like

- Who are the top authors in your subject area?
- What are the top institutions in your subject area?
- What is the quality of a certain article, author, or journal?

Research Quality Metrics

Article Quality

- Citations
- Field-Weighted Citation Impact
- PlumX Metrics

Author Quality

- H-index

Journal Quality

- CiteScore
- SNIP
