

EULAR European League Against Rheumatism

certifies that

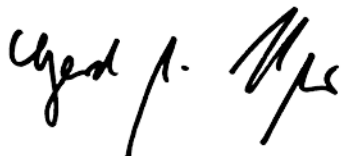

Reham Alas El_din El_suity (Egypt)

has successfully completed the EULAR On-line Course in Paediatric Rheumatology from November 2016 - June 2017.

The course is organized jointly by the European League against Rheumatism and the Paediatric Rheumatology European Society. It consists of 10 modules, covering specific paediatric rheumatology topics. Each module includes an introduction to the subject, in-depth discussions, interactive clinical cases and finishes with a self-assessment. One module corresponds to up to five hours of study, totaling a maximum of 50 hours of educational training.

This certificate confirms that the self-assessments of all modules were made and the final examination, taken on 7 June 2017, was successfully passed with a score of 80.00 percent.
