Recommendation Letter

I am pleased to give Dr. Reham Alaa Eldeen Hasan, Assistant Lecturer of Rheumatology; Sohag University; this letter as an award for her active participation as one of our research teamwork in Sohag University.

I am an assistant professor of Rheumatology and Rehabilitation, Sohag University, and I knew Dr. Reham well since 2011 through my supervision of the department, discussion of her master research, regular seminar presentation and conference attendance continuous work in the department.

During this period, she completed her master degree in Rheumatology, with a final grade (B+). I was the supervisor through the master thesis of Reham from 2014 to 2016. Throughout the process of the master degree, she was a hard worker and an excellent scientifically based researcher.

The applicant is a hard worker, usually find a diagnosis to rare case, she always present new ideas for research. The applicant appears very ambitious and goal-oriented. I believe that she will add a great benefit wherever she works.

Dr. Esam Abu AlFadl

Ass. Professor of Rheumatology, Sohag University

Recommendation Letter

I am happy to give Dr. Reham Alaa Eldeen Hasan, Assistant Lecturer of Rheumatology; Sohag University; this recommendation letter to validate her active participation as one of our research teamwork in Sohag University.

I am a lecturer of Rheumatology and Rehabilitation, Sohag University, and I knew Dr. Reham well since 2010 through scientific, regular seminar presentation, conference attendance and continuous work in the department. She attended many training workshops for early diagnosis of rheumatic diseases with musculoskeletal ultrasound.

Throughout all these activities, she was a hard worker and an excellent scientifically based researcher. She appears very ambitious and goal-oriented. I believe that she will add a great benefit wherever she works.

Dr. Ahmed Roshdy Al-Agamy

Lecturer of Rheumatology, Sohag University
